

## **WARNING SPEED BUMP CABLE PROTECTOR, 6 FOOT**

Any piece of equipment can be dangerous if not operated properly. **YOU** are responsible for the safe operation of this equipment. The operator must carefully read and follow any warnings, safety signs and instructions provided with or located on the equipment. Do not remove, defeat, deface or render inoperable any of the safety devices or warnings on this equipment. If any safety devices or warnings have been removed, defeated, defaced or rendered inoperable, **DO NOT USE THIS EQUIPMENT!!!**

 **WARNING:** This product can expose you to chemicals including Arsenic, Cobalt, Cadmium, Lead, Chromium, Nickel Compounds, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to [www.P65warnings.ca.gov](http://www.P65warnings.ca.gov)

The use of these speed bumps reduces vehicle speed to, approximately, 2-5 mph. Making parking lots or light traffic streets safer for pedestrians & motorists.

Constructed from 100% recycled tires, these speed bumps are preformed to ensure a smooth, safe ride. The flexible design conforms to the contours of virtually any road surface. In-molded reflective tape & cat's eye reflectors enhance the speed bumps visibility at night, warning drivers & pedestrians well in advance.

### **Benefits and uses:**

- Long lasting & cost efficient
- Reduces speed to 2-5 mph
- Highly visible at night
- Simple installation
- Product can be installed in sections to create varying lengths
- Will not warp, crack, chip or rot
- Can be installed on any road surface
- Resistant to ultraviolet light, moisture, oil, and extreme temperatures
- Channeled bottom for cabling and piping
- Lowers insurance premiums for event coordinators and lot owners
- Maintenance free

Length	Height	Width	Weight	Bolts Needed to Anchor
